

HAYWOOD NOW IN RUSSIA

"BIG BILL" SENTENCED TO PRISON, BEATS IT

(By Associated Press)
CHICAGO, April 21.—Federal officials have received confidential information that William D. Haywood, secretary of the Industrial Workers of the world, who was scheduled to begin his sentence at Leavenworth penitentiary this week, had fled from the United States and is now in Russia.

Prosecutor Attorney Cline announced that a search had been started for Haywood. "He is not at Leavenworth, Chicago or New York, and we have been privately informed that he has landed either at Moscow or Riga," said Cline. "That is all we know about it, but we expect to have some definite information very quickly."

(By Associated Press)
NEW YORK, April 21.—Officials of the American Civil Liberties Union here stated today they had been advised that "Big Bill" Haywood had arrived in Russia. The information was said to have been supplied by friends of the I. W. W. leader.

RED INDIAN METALLIC PAINT CO. SOON WILL START OPERATIONS

Owing to the unsettled financial conditions throughout the country, since the Red Indian Metallic Paint company was incorporated some months ago, the president, C. R. Evans, and the secretary, Ellsworth Old, have been devoting the interval to getting endorsements from the largest consumers of metallic pigments in the United States; also getting data from machinery houses and manufacturers of suitable machines and looking up a site for the plant, which will be located somewhere at tidewater in California.

The company is incorporated for \$1,000,000 and the par value of the stock is \$1 per share. The deposit of red hematite is situated 52 miles south of Tonopah, 6 1/2 miles from the Tidewater railroad. The dimensions are 1350 feet long by 250 feet wide and development consists of two 50-foot shafts and an 85 foot tunnel. Forty feet from the portal of the tunnel is a winze 73 feet deep, giving at least 180 feet back. Open cuts and trenching show all this

development to be in solid ore. According to seven mining engineers, the deposit contains at least 2,000,000 tons of commercial ore. In comparing this deposit with statistics from other red hematite deposits in Wisconsin, Minnesota, Pennsylvania, Michigan, Russia, Wales, Algeria and Italy, none of these run as high in ferric and aluminum oxides. It must not be understood that all hematite deposits are suitable for metallic pigments. In fact, there are as scarce as diamonds in Nevada. Something is always wrong regardless of the high iron content, manganese, phosphate, magnatite, sulphur, bismuth or too high in silica.

Mr. Old states that W. J. Harper, of J. M. Riddle Co., Inc., pigment jobbers and chemists of San Francisco, told him that out of 140 tests he made in the last five years from deposits scattered all over the western states, including California, not one of them were suitable for paint. Following are some of the big consumers that analyzed the pigment: The S. P. R. R. company, the Santa Fe R. R. company, the Pennsylvania R. R. company, the New York Central R. R. company. The Standard Oil company has written for rates on carload lots. The shipbuilders at San Francisco, bay points and Puget Sound tested it out and pronounced it to be the highest grade pigment, suitable for the preservation of ship bottoms in existence.

The pigment, being a 200-mesh product, cannot be improved as to quality for use on freight cars, structural iron products, ship bottoms and roofing, which two coats will make fireproof. The following analysis by the chief chemist of the Santa Fe Railroad company is important, as the treatment just about doubles the wholesale price of the pigment at a nominal additional expense to the company:

Chicago, Ill., April 1, 1921.
Mr. Ellsworth Old,
P. O. Box 272,
Tonopah, Nevada.
Dear Sir:—Referring to the sam-

MOVIE CO. MUST PAY \$5000 FOR DEATH OF MAN

(By Associated Press)
SAN FRANCISCO, Cal., April 21.—A decision awarding Mrs. Frances Mychreest of San Bernardino \$5000 for the death of her husband in filming a motion picture in Arizona was made public today by the industrial accident commission. Mychreest was thrown from a horse while participating in a broncho busting scene.

NEVADA LEADS IN COMPARATIVE HOSPITAL BEDS

(By Associated Press)
CHICAGO, April 21.—There are 435 hospitals with 311,159 beds in the United States, the council on medical education and hospitals of the American Medical association reported today. It is estimated that an average of 298,024 are occupied each day.

Nevada has the largest proportionate supply of hospital beds, one for every 129 persons. The average percentage of beds in constant use varies from 48 per cent in Arkansas to 76 per cent in California.

PERSHING NAMES WAR STAFF FOR SERVICE

(By Associated Press)
WASHINGTON, D. C., April 21.—The organization of a war staff by General Pershing to take charge of the field operations of the armies of the United States in time of war was announced today by Secretary Weeks. "Instant preparation in time of peace for active military operations" was given by the secretary as the reason for the new organization.

The organization, headed by General Pershing, will be entirely separate from the office of the chief of staff, Secretary Weeks said, which will continue to direct the activities of the military establishment in time of peace.

General Pershing will have a skeletonized staff which will correspond to that at Chaumont during the world war, and will concern itself entirely with problems of strategy and tactics of the war organization.

COMMISSION TO SEE POWER CO. PAYROLL

(By Associated Press)
SAN FRANCISCO, Cal., April 21.—Admission by a company official that Mortimer Fleischacker, president of the Great Western Power company, was receiving 3 per cent of the net earnings of the company in addition to his fixed salary, resulted in an order by the railroad commission that the company's salary roll be submitted to the commission for consideration.

YOUTHFUL BANDITS ESCAPE WITH \$25,000

(By Associated Press)
CHICAGO, April 21.—Five youthful automobile bandits today held up the vice-president of a real estate firm here and escaped with \$25,000.

A pile of red oxide metallic pigment mentioned in your letter of March 12, I am quoting below analysis from our chief chemist:

Loss on ignition	3.0
Silica	6.5
Iron and Aluminum Oxides	87.0
Calcium, trace	0.0
Magnesium, trace	0.0
Total	96.5
Undetermined	3.5

This pigment is ground sufficiently fine to make a good paint; when mixed with linseed oil it has practically the same color as freight car paint that we are buying. However, the percentage of iron oxide is so high that a much more brilliant red could be obtained by calcining this ore under different conditions, such as higher or lower temperature, more or less air introduced, etc., and I believe the possibility of developing a more profitable pigment is quite promising.

Yours truly,
M. J. COLLINS,
General Purchasing Agent.

The net value of the tonnage as reported—and its depth is an unknown quantity—figures over \$35,000,000 at the very lowest wholesale price of the cheapest metallic pigments on the market, or \$800 per car, f. o. b. grinding plant.

Bill Somerville says: "The Red Indian Metallic paint is the best I have ever used or tested." Lothrop-Davis company says: "It is a higher quality metallic pigment than any on the market today."

MARSH'S SUIT TO BREAK MARSHALL WILL A FAILURE

(By Associated Press)
SPRINGFIELD, Ill., April 21.—Henry Anthony Marsh, reputed son of Henry Field, of Chicago, and a London chorus girl, Peggy Marsh, is not entitled to inheritance of any of the Marshall Field millions, the Illinois supreme court decided today in ruling that the Marshall Field specifically exempts from inheritance any illegitimate offspring.

EXPRESS CO. DENIED INCREASE IN RATES

(By Associated Press)
WASHINGTON, D. C., April 21.—The California railroad commission has opposed the application of the American Railway Express company for an increase in rates in that state. A brief filed with the interstate commerce commission declared that commodities now were moving by motor truck at a lower rate than the present express rates.

"There is a point of increase in rates for transportation beyond which we cannot go," the California commission said. "We believe that the peak has been reached. We are now in the midst of a readjustment period moving toward more normal conditions."

The California commission claimed exclusive jurisdiction over the rates involved.

PREMIERS WILL CONFER SUNDAY

(By Associated Press)
PARIS, April 21.—Premiers Briand and Lloyd George plan a strictly private conference at their meeting to be held at Hythe, England, on Sunday. No others will be present except one secretary for each.

CLARK COUNTY MASONS HERE

Among the visitors in Tonopah are Dr. William S. Park of Las Vegas, who was grand master last year; Charles R. Squires of Las Vegas, editor and publisher of the Las Vegas Age, the present grand senior deacon; A. W. Ham, a Las Vegas attorney and a thirty-second degree Mason, who is master of the Las Vegas lodge, and Frank Buol, a large stockraiser and farmer.

KNIGHTS TEMPLAR MEET

(By Associated Press)
LONG BEACH, Cal., April 21.—The annual convocation of the California Grand Commandery, Knights Templar, opened here today, and will continue throughout tomorrow.

GERMANS REFUSE TO TRANSFER THEIR GOLF

(By Associated Press)
PARIS, April 21.—The German government has refused to transfer gold reserves of the Reichsbank to the Coblenz and Cologne branches as demanded by the reparations commission.

(By Associated Press)
BERLIN, April 21.—The German government has formally asked the president of the United States to mediate the reparations question.

The appeal pledges Germany to accept mediation without reservations and to fulfill any award President Harding may make after examination and investigation into the subject.

(By Associated Press)
WASHINGTON, D. C., April 21.—Secretary of State Hughes conferred briefly with the president this afternoon, but would not reveal the purpose of his visit, nor would he confirm or deny that a communication had been received from the German government.

The appeal to President Harding to act as mediator in the reparations matter was received by the state department from Loring Dresel, the American commissioner at Berlin.

CAL. ASSEMBLY BEATS SOLDIER BONUS MEASURE

(By Associated Press)
SACRAMENTO, Cal., April 21.—The assembly today passed and sent to the senate the Lee motor vehicle act as amended yesterday, reducing the weight to 22,000 pounds. The assembly defeated the Burns constitutional amendment proposing a \$20,000,000 bond issue for a cash bonus for ex-service men. The senate finance committee tabled bills proposing appropriations totaling \$8,985,000.

DEATH SENTENCE IS COMMUTED

(By Associated Press)
SHREVEPORT, La., April 21.—The death sentence of Lonnie Eaton, the negro sheriff of Ouachita Parish, was commuted by the state board to life imprisonment, according to reports received from Baton Rouge.

BLAIR MAY GET REVENUE POST

(By Associated Press)
WASHINGTON, D. C., April 21.—Secretary Mellon announced today he had recommended to President Harding the appointment of David H. Blair, of Winston-Salem, North Carolina, as commissioner of internal revenue.

President Harding later sent Mr. Blair's nomination to the senate.

L. A. SHAKEN UP

(By Associated Press)
LOS ANGELES, Cal., April 21.—A light earthquake of brief duration was felt here at 7:27 a. m. today. No damage was reported.

BELMONT SHIPS BULLION

This morning the Tonopah Belmont Development company shipped by express 65 bars of bullion.

FARMERS WANT PRESIDENT TO CALL MEETING

(By Associated Press)
WASHINGTON, D. C., April 21.—President Harding has been asked by the National Farmers' union, in convention here, to call a conference of representatives of basic industries to meet with the representatives of the railroads, labor and agriculture, "in an effort to correct the industrial evils from which the whole country is suffering."

HARVEY IS SCORED BY SENATOR HARRISON

(By Associated Press)
WASHINGTON, D. C., April 21.—Senator Harrison, Democrat of Mississippi today charged in the senate that the appointment of George Harvey by President Harding as ambassador to Great Britain was a "reward for his efforts to discredit the Wilson administration." Senator Harrison said Harvey's pursuit of Wilson through his journals and other means was only comparable to Milton's hell hounds that were stationed at the gates of the infernal regions.

He added that the ambassador had "no equal as a promoter of prejudice and a stirrer of strife," and that he was a "vindictive, self-anointed, intolerant political accident."

CUTS PRICE OF GASOLINE

This morning the Standard Oil dropped the price of gasoline 5 cents a gallon, bringing it to 35 cents at the service stations. This drop was brought about by being able to secure the Nevada oil supply from California (instead of from the east), making a considerable saving in freight rates. While this drop was a long time reaching this section, it is appreciated, as the Nevada people pay the highest price on the coast for juice that propels the auto.—Carson News.

The Standard Oil agent in Tonopah was notified to cut the price of gasoline here 3 1/2 cents per gallon. This reduction became effective yesterday morning. Every little drop helps to make a gallon.

C. R. SQUIRES HERE FROM LAS VEGAS

The man who never tires of boasting for his home town is in Tonopah assisting the Scottish Rite Masons in conferring degrees. He is Charles R. Squires of Las Vegas, the present grand senior deacon of the Grand Lodge of Masons. He also is editor of the Las Vegas Age. He is not vicious, does not bite, scratch or growl; just one of those plain newspaper men who is always boasting for his home town and the state of Nevada. You may curse him, stop subscribing to his paper, but if during the following week you meet with a mishap or one of your family crosses the divide, he is ready to print words of sympathy and condolence. He is just a human being and, unfortunately, a newspaper publisher. Give him the glad hand while he is in Tonopah and make his life one of joy and sunshine.

J. P. CUDAHY COMMITS SUICIDE IN CALIFORNIA

(By Associated Press)
LOS ANGELES, Cal., April 21.—Funeral arrangements for John P. "Jack" Cudahy, son of the late Michael Cudahy (the internationally known meat packer and himself for a time manager of the Cudahy Packing company at Kansas City, who committed suicide here yesterday), are expected to be perfected today. Cudahy's estate, according to estimates, may have to negotiate a loan of \$10,000 from a Chicago bank.

COUNT D'ALERIA RELEASED FROM CUSTODY TODAY

(By Associated Press)
LOS ANGELES, Cal., April 21.—Count Arnaldo D'Aleria of Spain, who was arrested recently on a complaint charging insanity, sworn to by his mother, Countess Marguerite D'Aleria of Pasadena, was ordered released by Superior Judge Weyl after a hearing today.

The court declared at the hearing the charge of insanity was preferred against him because he refused to join his mother in an alleged plot to kill his wife, who was the widow of Senator George Nixon of Nevada, in an institution for the mentally deranged and then take possession of the Nixon estate.

IDAHO MINERS GET WAGE CUT

(By Associated Press)
SPOKANE, Wash., April 21.—Wage reductions affecting approximately 5000 employees in mines and smelters in the Coeur d'Alene mining district of northern Idaho, were announced today.

They amounted to 50 cents per day for mine employees and 75 cents for smeltermen.

PROSPECTORS ARE LEAVING FOR HILLS

Six auto outfits of prospectors left Tonopah for different sections of the state. The warm weather is causing the feet of the discoverer of metals to itch and he is off to again strike the world with new rich discoveries.
